www.absolutecosmetic.com.au

Procedures performed by Doctors who own and run the practice, in a caring approachable atmosphere.

One of the first Doctors to use Intense Pulsed Light in Perth and featured on National Television for this and other cosmetic treatments.

Members of multiple overseas and Australian societies, including CPSA, ASLMS, ACCS, FRACGP, Laser certified (SCGH), CPSA Past President and Liposuction Guidelines Co Author.

Doctors frequently attend national and international conferences and are fully insured for cosmetic procedures.

Complimentary nurse consultations available. All appointments with a Doctor attract a fee.

Don't risk overseas surgery, visit Absolute Cosmetics Latest News for the full horror story.

SCLEROTHERAPY

Before

After

- Average of two sessions
- Office procedure with no downtime

THREADLIFTING

- Threadlifting allows a soft, minimally invasive surgical approach to supporting the facial soft tissues. It is performed as a Day Procedure under twilight sedation.
- There are often immediate results, however the results do continue to improve over a three to six month period. This improvement is due to the collagen synthesis as it lifts and bunches around the threads.

Services include:

- Acne and Skin Cosmetic Surgery Consultations
- Botox/Dysport
